Iterator 迭代器

```
for x in [5, 1, 3, 4]:  
    print(x)  
  
for letter in 'Hello':  
    print(letter)  
  
for x in 101:  
    print(x)
```

Iterator 迭代器

```
x = 1
while x < 5:
    print(x)
    x = x + 1
```

A code block with a dark background and colored text. It contains a Python code snippet. A teal arrow points from the word 'while' in the code to the text 'Iterator 迭代器' located above the code block.
